8. **BOARD COMMENTS**

Michael Schaeider commented on the recent District Budget Meeting.

SUPERINTENDENT'S REPORT

A lot of hard work went into the Education Technician/Secretary contract and I hope you see fit to ratify the contract. Negotiations themselves were wonderful, people were very truthful and spoke appropriately. Both the board and the association came with a positive attitude and I am appreciative of that. I have to say that where we are with the budget currently, I am very pleased, but we need to wait for the 29th. It is not because of me that this budget has been successful so far, it is because of my administrators, teachers, support staff and the board. The budget process is not easy. I want to thank everyone personally for all of their hard work.

10. BOARD CHAIR'S REPORT

I would like to add under "New Business" discussion of the next Board meeting on April 23.

11. COMMITTEE REPORTS - None

12. ADMINISTRATOR'S REPORTS

12.1. Transportation and Grounds – Ken Vining

Everything is going pretty well in transportation and maintenance. There are a lot of vacations coming up. We are pretty much on track for fuel usage this year, JES may be a little over. SMMS propane cost is going to be about equal to the oil cost last year. Next week begins the busy season for busing with many field trips and sports trips.

12.2. Technology – Craig Suttie

We are in the second week of Smarter Balanced testing. 400 children have tested, completion rates are high, technical problems are very small. It has been a successful experience, not as bad as we had anticipated.

12.3. Special Services – Tina Collins

Update on physical therapy, I have reached out to local hospitals, Concertra, etc. We have one potential lead we are following up on. I hope after vacation I will be able to come back to you.

12.4. Adult Education – Wendy Moreau

Last Thursday I went to see Gail Senese at the Department of Education, Adult Education. I asked her lots of questions, like what does a bare bones adult education program look like. We have all the components currently. We have a great partnership with a couple of other school districts and they have been extremely helpful and I have been working on grants with them. Staff have been wonderful in stepping up to the plate to get things done. Superintendent Healey spoke of how grateful he was to Wendy for what she has been doing for the program.
