POLICY: Employee Computer and Internet Use Rules

These rules implement Board policy GCSA (Employee Computer and Internet Use). Each employee is responsible for his/her actions and activities involving school unit computers, networks, and Internet services, and for his/her computer files, passwords, and accounts. These rules provide general guidance concerning the use of the school unit’s computers and examples of prohibited uses. The rules do not attempt to describe every possible prohibited activity by employees. Employees who have questions about whether a particular activity or use is prohibited are encouraged to contact a building administrator or the Technology Director.

- A. **Consequences for Violation of Computer Use Policy and Rules**
Failure to comply with Board policy GCSA, these rules, and/or other procedures or rules governing computer use may result in disciplinary action, up to and including termination. Illegal use of the school unit’s computers will also result in referral to law enforcement.
- B. **Access to School Computers, Networks, and Internet Services**
The level of employee access to school unit computers, networks, and Internet services is based upon specific job requirements and needs. Unauthorized access to secure areas of the school unit’s computers and networks is strictly prohibited.
- C. **Acceptable Use**
RSU 73 computers, networks, and Internet services are provided to employees for administrative, educational, communication, and research purposes consistent with the school unit’s educational mission, curriculum, and instructional goals. All Board policies, school rules, and expectations for professional conduct and communication apply when employees are using the school unit’s computers, networks, and Internet services.
- D. **Personal Use**
School unit computers, network, and Internet services are provided for purposes related to school programs and operations, and performance of their job responsibilities. Incidental personal use of school computers is permitted as long as such use: 1) does not interfere with the employee’s job responsibilities and performance; 2) does not interfere with system operations or other system users; and 3) does not violate this policy and the accompanying rules, or any other Board policy, procedure, or school rules. “Incidental
