April 13, 2018

Dear RSU #73 Parents and Guardians:

Last night the Regional School Unit #73 School Board developed and adopted a plan to make up some of our nine (9) snow days. The attached revised school calendar is provided for your information.

The plan extends the school day by one hour from May 1, 2018 to May 31, 2018 on Tuesday, Wednesday and Thursdays only and will allow the school district to make-up three (3) school days leaving only six (6) days to be added to the original approved 2017-2018 school calendar.

Additionally, all May Wednesday school days will be a regular start, eliminating late start Wednesdays for the remainder of the 2017-2018 school year. If you have any questions about this calendar adjustment please feel free to contact me for clarification.

Sincerely,

Kenneth J. Healey
Superintendent of Schools
