

**Spruce Mountain School District~ RSU 73
Covid-19 Health Screener**

Dear Guardian,

We are excited and ready for the school year and having your child with us. The RSU 73 District will be screening all students to gain a better understanding of their overall wellbeing from the effects of COVID-19.

This will help us better understand the needs of all of our students and ways that we can better serve them and their needs. All of the information that is gathered will be kept confidential and only RSU 73 Social Workers will have access to this information.

If you do not want your child to participate in the screening, please contact your School Social Worker as listed below.

Sincerely,

Heather Hyatt, LCSW
