POLICY: USE OF PHYSICAL RESTRAINT AND SECLUSION

The RSU 73 School Board has adopted this policy and the accompanying procedures to implement the standards for use of physical restraint and seclusion with students, as required by state law and regulations, and to support a safe school environment. Physical restraint and seclusion, as defined by this policy, may only be used as an emergency intervention when the behavior of a student presents an imminent risk of serious physical injury to the student or others.

State law and MDOE Rule Chapter 33 do not restrict or limit the protections available to school officials under 20-A M.R.S.A. § 4009, but those protections do not relieve school officials from complying with this policy / procedure.

The Superintendent has overall responsibility for implementing this policy and the accompanying procedure but may delegate specific responsibilities as they deem appropriate.

 - iii. The use of adaptive devices or mechanical supports to achieve proper body position, balance, or alignment to allow greater freedom of movement than would be possible without the use of such devices or supports.
 - iv. The use of vehicle safety restraints when used as intended during the transport of a student in a moving vehicle.
